

Laundry TarGo[®] Removes Even the Toughest Oil-Base Stains!

**You can
count
on it.**

Your customers want you to return their laundered garments like new. That calls for the effective, safe stain removal you'll get with Laundry TarGo. Use it to remove even the tough oil-base stains others leave behind, and you'll keep your customers happy and coming back.

Because its water-base formula is environmentally friendly, Laundry TarGo can safely be rinsed down the drain. Apply it directly to the stain, then simply wash the stain away, saving time and labor. Or, use Laundry TarGo on the spotting board. Either way, you can count on Laundry TarGo.

SAVE THOUSANDS OF DOLLARS IN LINEN REPLACEMENT!

Our customers report saving thousands of dollars

in linen replacement costs. They remove oily-type stains with Laundry TarGo instead of downgrading or ragging stained linen. By eliminating expensive stain rewash formulas, they save in washroom costs, too!

Protect your linen investment. Simply pre-spot oily-type stains with Laundry TarGo, then rewash using a normal wash formula. Effective and safe in the wheel, Laundry TarGo lets you return more linen to first class service and save thousands of dollars.

**Let us show you how.
